

SPECIALTY SMALL PACKAGE FERTILIZERS

19-13-6 + MICROS

DIRECTIONS FOR USE
Flowers and all seasonal bedding plants. Evenly apply around established plants every 30 days at the rate of 2 to 3 pounds per 100 sq. ft. (100 x 10 ft.). For best results, mix into soil and water in later application.

CONTAINER GROWN PLANTS

Container Size	1/2 gal.	1 gal.	2 gal.	5 gal.
Application Rate (Tablespoons)	1/2	1	2	3

12-10-8 + MICROS

DIRECTIONS FOR USE
Use on all Grape Myrtles and flowering trees. Feed anytime during the growing season.

METHOD OF APPLICATION

For added results, plant 1/2 cup of Sure Green 12-10-8 in the soil of all the Grape Myrtles. This amount should be applied the first time of application. The amount should be applied every 30 days.
